There is nothing so decorative in its effect as new Wall Paper of a pretty and novel design, or a painted wall, when done in soft tones or rich colorings. The dainty effects I am showing in Wall Hangings, Relief Decorations and Painted Designs will certainly please the most particular one.
I have the largest and best equipped House Painting establishment in the South, using nothing but pure leads, oils and colors, and employing only the best workmen.

IS KEEN.

A man who hears about you fifty-two times in a year will know you fifty-one times better than if he heard of you but once.

The more the public knows of your goods the more likely you are to do business with the public.

"Now, what do you know about that?" is a catchy piece of slang phraseology, and chiefly suggests the fact that the public WANTS TO KNOW.

Let your advertisements cater to this desire for knowledge. State facts, reasons why, points of superiority; state your case clearly, convincingly, attractively and pointedly, and this brings us to

THE POINT.
